NEW EDITION !

THE REVENUE STAMP CATALOGUE.

We are pleased to announce to Collectors, that a new edition of our Revenue Stamp Catalogue is now ready and can be obtained of all respectable booksellers and Stamp Dealers throughout the world.

This valuable aid to the study of fiscal stamps accurately describes over two thousand American and Foreign Revenue Stamps, many of which have never been noted before. It is the only work on the subject ever printed in the English language.

The feature of this edition is a complete list of Beer stamps, priced at current market rates.

Large Octavo 24 pages, and wrapper containing revenue advertisements, price post free, 25c.

Wholesale \$1.75 per dozen, \$7.00 per half hundred, \$12.00 per hundred.

COIN CATALOGUES.

AMERICAN & FOREIGN COPPER COINS.

This catalogue gives the selling price of the various series of coins of which it treats, the text being profusely illustrated with engravings of the rarer pieces, to enable the collector to determine its use and date of issue. The value of the American coins is given in three degrees of preservation, which will be found a valuable feature of the work.

It will be found of great value to all NEWSDEALERS and STOREKEEPERS, as it gives the fictitious value of all American copper. By its means many small traders have made hundreds of dollars by selling coins taken in their stores, which they would otherwise have passed out in change. Price 25 cents, post free.

AMERICAN & FOREIGN SILVER COIN.

This handy manual is gotten up in the same style as the Copper coin catalogue, and is illustrated with well-executed engravings of every American silver coin ever issued, and some of the most interesting foreign ones.

Our remarks concerning the value of the Copper coin catalogue, will apply with still greater force to this, for as the silver coin which has been hoarded up for the last fifteen years, comes again into circulation, many rare and valuable pieces are sure to reward those who take the time to look at the dates before paying them away. It must not be thought that it is only the old pieces that are valuable, as, for instance, the publisher will pay \$5 00 for the silver dollar of 1854, and so with other comparatively recent dates.

Price 25 cents, post free. Or the two bound in one volume, with a supplement containing fac-similes of a number of old Roman and Greek coins. Price 50 cents, post free.

It has specially designed spaces for the reception of every Postage Stamp ever issued, rather larger than the Stamp itself, thus showing a neat border round each, adding much to the appearance of a set. Each space contains the description of the stamp it is designed for, thus making it nearly impossible to make mistakes in arranging the collection. It is brought up to the present time, leaving spaces provided for the Stamps of The Decean, Fiji Islands, Japan, &c., &c., also, for the new issues of Canada, Ceylon, Luzon, Norway, Prince Edward Island, United States Official, &c., &c.

"Special care has been taken to leave plenty of room for those governments that are still in existence, so as to accommodate future issues, and blank pages are left at appropriate intervals for the reception of Stamps from any countries that have not at present issued Postage Labels, but should any one desire additional leaves, specially designed pages to correspond with the body of the book are prepared for all new issues as soon as they are received. These are supplied by the publishers at a nominal rate, and can easily be inserted in their proper order by gumming them to the guards bound with the book for that purpose, thus making the Album PERFECTLY PERMANENT, and as good after ten years as one just published."

THE MERCHANT FLAGS OF THE WORLD

AUSTRIAN-ITALY.

BRAZIL.

FINLAND.

Uncolored fac-similes, showing size and style.

These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all."

"This Chart, containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined, as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country."

"These sheets possess three great advantages (to the Collector) over any others we are acquainted with, which consist in the facts that there is only one Flag to each country; more nations represented than have heretofore been given; and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in albums, as they can use them all instead of having to throw away half the purchase. The colors are very brilliant, and without correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness."

Beautifully and correctly printed in five colors on fine heavy paper for framing, or thin paper for albums. Price only 25 cents.

In ordering please state which paper is required.
